EDUCATION

Indira Gandhi Delhi Technical University for Women <i>Bachelor of Technology – Information Technology</i>	2024 – 2028 CGPA: 8.25
Army Public School, Dhaula Kuan <i>Senior Secondary</i>	2023 81.4%
Army Public School, Dhaula Kuan <i>Secondary</i>	2021 82.4%

EXPERIENCE

Sansoftech <i>Generative AI and Prompt Engineering Intern</i>	Jun – Jul 2025
- Developed and deployed generative AI solutions using LLMs, fine-tuning models for document summarization and question answering. - Collaborated in a cross-functional team to deliver AI-driven prototypes using Hugging Face and LangChain.	
IGDTUW <i>VC Intern (VCIS)</i>	
- Selected under the Vice Chancellor's Internship Scheme (VCIS) for a 6-month internship in the Management Department/Office. - Worked under faculty supervision, contributing to administrative and operational tasks with professionalism and discipline. - Assisted in coordinating departmental activities and ensuring smooth workflow within the university office environment.	

PROJECTS

SarkariSathi AI – Multilingual Government Assistant <i>Cloudflare Workers, JavaScript</i>	Live Demo
- Built and deployed a serverless AI assistant using Cloudflare Workers AI, with backend logic written in JavaScript. - Implemented an HTML/CSS frontend integrated with the Worker to deliver AI-generated responses in English and Hindi.	
AttendX – Smart Attendance System <i>React, Node.js, Supabase</i>	GitHub
- Built a full-stack web app automating college attendance using QR codes, live selfie verification, and GPS geolocation to prevent proxy attendance. - Implemented role-based login for Teachers and Students, with one-time expiring QR sessions, geofencing radius checks, and real-time attendance reports. - Deployed frontend on Vercel and backend on Render, with Supabase (PostgreSQL) for persistent session and attendance storage.	
CalorieLens – Food Label Nutrition Extractor <i>Python, Streamlit, EasyOCR, Scikit-learn</i>	GitHub
- Built an AI-powered web app that extracts nutrition information from food label images using OCR technology. - Trained a Random Forest ML model on nutrition data achieving 88.89% accuracy to classify food as Healthy or Unhealthy. - Deployed interactive UI using Streamlit with visual nutrition breakdown charts and calorie meter.	

TECHNICAL SKILLS

Programming Language: Java
Web Development: HTML, CSS
CS Fundamentals: DBMS, OOPS, SQL
Machine Learning: Scikit-learn, Random Forest, OCR, Streamlit, Pandas, NumPy

CERTIFICATES

Google Cloud Study Jam – Bronze Tier <i>Hands-on learning and labs covering Google Cloud fundamentals</i>	Oct – Nov 2025 View Certificate
Sansoftech <i>Generative AI and Prompt Engineering</i>	Jun – Jul 2025 View Certificate
Forensic Readiness and Investigation Skill Development – ISEA Bootcamp <i>Department of Information Technology, IGDTUW (ISEA Project Phase-III, MeitY)</i>	Dec 2025 – Jan 2026 View Certificate

POSITIONS OF RESPONSIBILITY

Rahnuma <i>Core Member</i>	2024 – 2026
Contributed to planning and coordination of cultural activities and society initiatives, supporting smooth execution of events and student engagement.
